

ADP AND SAP: A PARTNERSHIP TO ACCELERATE YOUR DIGITAL TRANSFORMATION

Delivering a unified global payroll experience

Payroll is more than just numbers — it's the foundation for **trust** and a **commitment** to your employees.

With ADP and SAP, you know your people are paid accurately and securely, every time, everywhere. Meanwhile, your leaders gain the confidence that their payroll is compliant, scalable and ready for what's next.

Always Designing
for People®

25 years empowering global payroll success

ADP and SAP — harness our decades of knowledge and experience.

Ours is a collaboration built on 25 years of innovation — combining SAP's world-class cloud platform with ADP's global payroll expertise and local know-how. Together, we give you the confidence, flexibility and trust you need to succeed globally.

A legacy of success

25 years of collaboration, serving more than 300 joint global clients and paying over 4 million employees worldwide.

Unified teamwork for a superior client experience

Strategic collaboration across product, service and implementation, with ADP and SAP's teams aligning at every level, from strategy to operations. It means your experience is smooth, scalable and always people-focused.

Certified integrations to improve accuracy

Connecting ADP Global Payroll and SAP SuccessFactors Employee Central to streamline processes and enhance efficiency.

Driving innovation for better business outcomes

Since 2000, ADP and SAP have enhanced their integrations, cloud technology and services. Our future focus is to continue to elevate the employee experience with AI-enabled improvements.

25 years of ADP leveraging SAP technology to deliver global payroll in the cloud, servicing over 4 million employees

There's strength in these numbers

75 years of experience

1,100,000+ clients

Over 140 countries

Paying more than 42 million workers

The leader in multi-country payroll for over 10 years (Everest PEAK¹)

100 million people consistently paid from a SAP system per month

10,000+ clients in nearly every industry and size

1,000+ certified global partner consultants

1. The Everest Group's PEAK Matrix framework independently evaluates service and technology providers. ADP has been recognized as leader in multi-country payroll by Everest since 2015.

"SAP continues to actively assist our on-premise customers in moving their core HR and payroll to the cloud. Partners like ADP give customers the option to outsource their payroll in the cloud. By moving to ADP Global Payroll, SAP customers can modernize and future-proof their payroll services."

— Maryann Abbajay
Chief Revenue Officer
SAP SuccessFactors

ADP Global Payroll

ADP Global Payroll removes the burden and complexity of multi-country payroll so you can focus on what matters — your people and business. A cloud-based platform, it provides a unified experience and the ideal combination of payroll processing technologies for your business, based on your company's size, locations and workforce management.

Implementation

Hassle-free outsourcing at scale

Reduce workload and close talent gaps, so payroll teams can focus on strategic activities, not administration.

Global reach, local expertise

Run payroll seamlessly across 140+ countries with trusted processes and always-on local compliance.

Breadth of services offered

Consistent global experience with localized expertise and support.

Global payroll coverage

End-to-end payroll execution across 140+ countries, backed by trusted solutions and local expertise.

Reliable, scalable implementations

Designed for seamless client adoption.

Built-in security and compliance

Enjoy peace of mind with built-in compliance and data security, reducing risk and helping avoid costly penalties across HR, payroll and time.

Harmonized data and streamlined processes

Improve execution through standardized templates and automated processes.
